BUILD YOUR GAMING EXPERIENCE

Arm yourself with the new Stryker SE and build your own gaming experience!

The edge-to-edge light grey tinted tempered glass side panel provides a clear view of your battle station. Two additional PCI slots at the rear give you the option to show your Graphics Card in a vertical position. Make your system even more outstanding by mounting up to 4 SSD's in vertical position as well. Equipped with X-Dock, the Stryker SE gives you an easily accessible external 2.5" storage hot swap bay for quick action.
Enhanced water cooling support up to 360mm radiator in the front and 240mm on the top, together with the fan speed controller with LED indicator, will ensure your performance will not suffer.

Whether you stand your ground or move into position with the rugged top handle, the Stryker SE has got your back!

FEATURES

Top Handle Grip: Designed for safer and easier transportation.

Enhanced Water Cooling Support: It allows up to 360mm radiator installation in the front and 240mm radiator on the top and bottom.

Clear View Inside: An edge-to-edge light grey tinted tempered glass side panel gives a wide view inside your PC to showcase your masterpiece.

Show Off Your Graphics Card: Two additional PCI slots at the rear enable you to show off one graphics card in the vertical position.

X-Dock: Easily accessible external 2.5" HDD/SSD hot swap bay for data exchange.

Vertical SSD mounting: Show off your storage and install up to four SSD's in vertical position.

Fan Speed Controller With LED Indicator: Provides 6 stages fan speed adjustment with clear LED indication.
